JOSIAH TURNER, Jr., EDITOR.

GOVERNOR ENGLISH NOMINATED BY THE CONNECTICUT DEMOCRATS.

The Connecticut Democratic State Convention met in New Haven on Tuesday, the anniversary of Washington's Birthday. There was an unusually large attendance, and the greatest enthusiasm was manifested. The convention was organized by the election of Hon. William W. Eaton, of Hartford, as Chairman. Ex-Governor English, of New Haven, was made the first choice, being re-nominated by acclamation for Governor. Julius Hotchkiss, of Middletown, was nominated for Lieutenat-Governor, with Thomas M. Waller, of New London, as Secretary of State; Seth J. Logan for Comptroller, and Charles M. Pond, of Hartford, for Treasurer, making up the balance of the State ticket. A letter was received from Governor English accepting the nomination, and renewing his pledges of devotion to Democratic principles. It was received with great enthusiasm.

THE PLATFORM.

Mr. Burr, on behalf of the Committee on Resolutions, reported the following, which were unanimously adopted:

Resolved, That the Democracy of Connecticut now, as in the past, occupy the proud position of the defenders of the true principles of constitutional freedom, based upon the equality of the States; and for the success of their cause, rely upon the intelligence of the people and their devotion to the same ideas illustrated by the example of their fathers in the purer days of the Republic.

Resolved, That the State of Connecticut is to day the same "free and independent State" that it has been for more than two hundred years, with full power to declare who shall and who shall not be clothed with the elective franchise within its borders, and when this power is forcibly taken away, and its ballot boxes subject to the hireling soldiery of the General Government the State will have lost its boasted sovereignty, and become degraded to the position of a conquered province.

Resolved, That the fifteenth amendment (socalled) to the Constitution of the United States, is in no sense an *amendment* to said instrument, but is a Radical change thereof, striking at the principle of State rights, which lies at the base of the compact formed by the various States in the Convention of 1788, and its forced and fraudulent adoption at the point of the bayonet, will be the deadliest blow ever struck at the sovereignty of the States and the liberties of the people.

Resolved, That the Democracy of this State now, as heretofore, are the strenuous advocates of a tariff for purposes of revenue only. That the principle of "protection for the sake of protection," is at war with the diversified interests of the people of the State, and experience has shown its tendency to aggrandize a class in the community at the expense and to the injury of the producing and laboring millions, taxing their industry, equally in violation of the authority of the Constitution, and of the great principle that should govern this people in their intercourse with the family of nations.

Resolved, That the Democracy of Connecticut, by the action of their State Convention in 1862 denounced the Legal Tender act as a Congressional usurpation: an infringement upon the letter and spirit of the constitution, and in violation of the rights of the people of the States. In 1870 the Supreme Court of the United States affirms the position assumed by us in 1862, and we reiterate the declaration that there shall be but one currency for the Government and for the people, and that one the constitutional currency as proclaimed by Andrew Jackson, and we call upon the Administration to aid us by honesty and economy in the public service, in the restoration of that currency to the uses of the people.

Resolved, That the language of Mr. Dawes of Massachusetts, in which he asserts that in the work of government economy, "the House could expect no aid from the other end of the Capitol (meaning the Senate) or from the other end of the Avenue" (meaning the President), should startle the country, and arouse all good men to unite in overthrowing a profligate Administration, which is confessedly extravagant and reckless at a time when all business interests are perishing under their heavy burdens, and labor is being pauperized with intolerable taxation.

Resolved That the bill now before Congress for the purpose of changing the laws regarding naturalization, is a direct attack upon all foreigners seeking the United States as a home for themselves and families. And the present corrupt and unprincipled leaders of the Republican party, having destroyed the constitutional rights of the people of all the Sates, robbing them of the power to determine the status of the citizen, now seek to degrade the white immigrant below the level of the native negro.

Resolved That the Democracy of Connecticut sympathize with the people who struggle of over eight hundred thousand dollars, besides half a million more upon savings banks and other corporations, is a larger amount than should be taken from the people annually; and we demand that the public burdens be diminished by equality in taxation, and economy in the expenditures.

Resolved, That in presenting the honored name of James E. English, as our candidate for Governor, we do so with full confidence that we appeal to the best judgment of a large majority of the people, and the sound patriotism of the State; and in the candidates associated with him, we feel assured that worthy representatives of the people and their best interests have been selected.

THE CLOSE OF MR. WINTHROP'S PEABODY ORATION.

The eloquent oration of Robt. C. Winthrop at the funeral of Mr. Peabody closed as follows:

And so I bid farewell to thee, brave, honest, noble-hearted friend! The village of thy birth, weeps to-day, for one who never caused her pain before. The "Flower of Essex" is gathered at thy grave. Massachusetts mourns thee as a son who has given new lustre to her historic page; and Maine not unmindful of her joint inheritance is the earlier glories of the parent State, has opened her noblest harbor, and draped her municipal halls with richest, saddest, robes, to do honor to thy remains. New England, from mountain top to farthest cape, is in sympathy with the scene, and feels the fitness that the hallowed memories of "Leyden" and "Plymouth"—the refuge and the rock of her Pilgrim Fathers—should be associated with thy obsequies. This great and glorious nation, in all its restored and vindicated union, partakes the pride of thy life and the sorrow of thy loss.

In hundreds of schools of the desolated South, the children, even now, are chanting thy requiem and weaving chaplets around thy name. In hundreds of comfortable homes, provided by thy bounty, the poor of the grandest city of the world, are breathing blessings on thy memory. The proudest shrine of Old England has unlocked its consecrated vaults for thy repose. The bravest ship of a navy, "whose march is o'er the mountain waves, whose home is on the deep," has borne thee as a conquer r to thy chosen rest! and, as it passed from isle to isle, and from sea to sea, in a circumnavigation almost as wide as thy own charity, has given new significance to the memorable say ng of the great funeral orator of antiquity: "Of illustrious men, the whole earth is the sepulchre; and not only does the inscription upon columns in their own land point it out, but in that also which is not their own, there dwells with every one an unwritten memorial of the heart." And now, around thee, are assembled, not only surviving schoolmates and old companions of thy youth and neighbors and friends of thy maturer years, but votaries of science, ornaments of literature, heads of universities and academies foremost men of commerce and the arts, ministers of the Gospel, delegates from distant States, and rulers of thy own State, all eager to unite in paying such homage to a career of grand but simple beneficence as neither rank nor fortune nor learning, nor genius could ever have commanded. Chiefs of the Republic, representatives of royalty, are not absent from thy bier. Nothing is wanting to give emphasis to thy example. Nothing is wanting to fill up the measure of thy fame. But what earthly honor—what accumulation of earthly honors—shall compare for a moment with the supreme hope and trust which we all humbly and devoutly cherish at this hour, that when the struggles and the victories, the pangs and the pageants, of time shall all be ended, and the great awards of eternity shall be made up, thou mayest be found among those who are "more than conquerors, through him who loved us!"

And so we bid thee farewell, brave, honest, noble hearted Friend of Mankind!

MEDICAL.

HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

OR

BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions, Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villanous diseases. Vaccination gun was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both be ame infected alike. Men, women and children throughout all the West are most wofully diseased from this cause, and know not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye.
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all Sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbia, Mo., I suffered tortures with running sores Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much trombled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

THE WAY THE MONEY GOES.

Yesterday we made a brief allusion to the report of Mr. Auditor Adams to the Senate, in regard to the *items* of expense of keeping the Capitol Square, and promised to revert to the subject again. We do this that the people of the State may see what estimate *their* public servants place upon *their* money, raised at such sacrifice, in many instances, of comfort and convenience, to themselves.

Let the people look at these items and figures. The amounts are comparatively small, it is true, but a public servant, in whatever position he may be placed, high or low, has no more *right* to waste, or improvidently squander *one* dollar of the people's money than he has *one thousand*, and he who is not faithful in *small* things, is not likely to be careful of *greater* things.

We turn to the report, and the first item that arrests the eye is the inevitable Solomon Bragg. Solomon figures all through the report from the first page to the last, generally three or four times on a page, "for labor done on the Capitol Square," at $1 25 a day; that is, allowing 312 working days to the year, an annual salary of $390. Mr. Bolyn, an experienced English Gardener, worked the garden of the Insane Asylum, under Dr. Fisher's Superintendency, for $840 a year, and we know, so does every man in the city, that good laborers can be hired any day at 75 cents and find themselves. But in addition to Solomon's wages, the report shows that he had from two to five or six assistants, during the time generally at 75 cents a day, and all to keep in order about two acres of ground.

The next items we notice are shrubs, flowers, evergreens, &c., for Capitol Square, to the amount of $775. We would like to give the individual items that go to make up this amount, paid out of the people's money; for instance there are 100 select rose bushes and 100 imported rose trees; 100 Lilium Flora Plene Late! 20 maple trees, 20 elm trees, 20 popular trees, 20 sycamore trees 50 oriental shade trees, 100 Norway spruce firs, 25 silver fir trees, 25 Pinus Alba Excelsa, 100 deciduous flowering shrubs, 100 Pompon Chrysanthemus (!) 100 Herbaceous plants (?) 100 Lilium Lancefolium, 2 Myrtus Capensis rubs, which we suppose means red Cape Myrtle, in addition to all which there are 160 select trees, besides 30 more trees, and other "deciduous," "ornamental," "flowering," "orientals," and perhaps *occidental* trees, shrubs, plants and trees.

We walk through Capitol Square frequently, and it ought to make us feel proud that we can have the run of so fine a place, but it don't; indeed we can't see all these ornamental appendages about there. It is probable Solomon didn't understand their management and they died. But they cost the State seven hundred and seventy-five dollars, all the same.

Then comes an item for manure to put on the Square. The administration seem to be great on manure, judging from this item in the report; in looking over which we find charged 148 loads of manure from different parties, amounting in the aggregate to $89. This, mind you, was for the two acres of Capitol Square—148 two horse loads of manure for two acres! The cost was eighty-two dollars; now, that money would have purchased a ton of guano, and that ton of guano, put on Capitol Square would have been one thousand pounds to the acre; which is more than most farmers put on their lands. But, reader, after all this manure and all the labor (of which we will speak presently) do you think the State got any return? Not a bit of it; for when the hay and clover was cut, for which job the State paid $12, and shocked at a cost of $4, there was an end of it, the State didn't get it.

Now about the labor. We have already said that Solomon Bragg received $390 or thereabouts, for work on the square. In addition to this, we find in the "items" that there are 854 days charged for work done by different laborers, nearly equaling three constant hands for one year, making four regular hands employed to cultivate the "State grass lot," at a cost to the State of over one thousand dollars; and then the State didn't get a blade of the grass or clover!

We shall allude to but one more subject of the humiliation of this wonderful report, and if we were to leave the reader to guess what that item is, he would hardly do so before the Legislature shall adjourn. It is the item of $81.75 to various persons for "guarding the privy!" We dislike to write it down, but it is so in the report, and we give it as an evidence of the great ingenuity of the officers about the Capitol in finding methods for spending the people's hard earned taxes.

We have not exhausted the report yet, but think it better to administer it in broken doses. Tomorrow, or next day, or some other day, we shall recur to the subject again, and shall endeavor to get through it by the time the Auditor reports the "items" of that astonishing amount of "contingencies," incorporated into the Treasurer's and Auditor's report to the Legislature. There will be a rich field for showing up, doubtless, when that comes out, if it ever should, and we intend to give our readers as good insight into it as possible.

We will close this article by stating that the entire amount of expenses of the Capitol Square for the time before mentioned, not including the salary of Parrish, the keeper, nor Friday Jones, the Guard, as given in this report, is $2992.25; and even then the State didn't get any of the hay.

More anon.

MR. HARRIS OF FRANKLIN.

The *Standard* of yesterday has placed this gentleman, as it did Messrs. Nichols & Gorman, recently, all *recta*. It places him erect, pats him on the back, gently excoriates his chin and then says, "there he is—all right now, good Republican; hates Democrats, and all that sort of thing, and he is going to stick to us hereafter."

Now, we have never heard of his being claimed as a democrat, or, as the *Standard* says, "gone over to the enemy." But the *Standard* may bet his bottom dollar that, were it to do over again, Mr. Harris would not vote for the odious military bill, nor the other extravagant measures that have driven other Republican members as well as Mr. Harris into apparent opposition to the party. Mr. Harris is a Republican, but he is an honest one, and we don't believe he can be either hired or driven into what he believes injurious to his constituents or to the State.

The fine flourish the *Standard* has about that "glorious meeting" at Louisburg, is all fosh, especially the manner in which Ragland is described as "piling his self on his self." We'll give the history of that grand occasion before long, and how Ragland figured in it; together with the "tenor of remarks" of some other gentlemen present and prominent.

WHO ARE THE DETECTIVES?

EMPTY POCKET, Feb. 26th 1870.

MR. EDITOR:—It will be seen that Gov. Holden in his message of three days ago, to the Senate, in answer to a resolution by Mr. Love, declares it incompatible with the public good, to give the names, or any of them, on his detective list. Why so? Would the weal of the State suffer thereby? Nay, but the Governor is ashamed to let the people look upon this nest of vultures, feeding and fattening on the prostrate carcass of the State. Don't blame him.—There are some things, that for the good of the actors, never should see the light.—This detective concern is one such, and while the Governor is declaring, that he "acknowledges the right of the Senate and House of Representatives, to interrogate him fully and freely in relation to this and all other matters" it is apparent, that he willed to keep the *names* of his pets a secret, and when you read this article, you will see, that this was so, because, among other reasons, he is ashamed of their peculations and unwilling the people should see in this, as in other official acts, his greater love for "carpet baggers" than native citizens. But sir, we can now, with the Auditor's report, unlock the Governor's secret, and show to the public, who his "thirteen" chosen friends are, that he has selected out of the thousands of freemen in North Carolina, as his confidential agents.

This "detective force" is raised under an act ratified February 19th 1869, and had been in force one year and three days at the date of the Governor's message, in which he says, "the whole number of detectives employed *is* thirteen." I suppose he intended to say "*has been*" instead of "is," for lower down he says "the number now employed is two."

Now let us turn to the Auditor's report for the last fiscal year. This is the man who buys with the people's money lounges, ice, and soaps, as was alledged in the Senate the other day, for the use of the "Code Commissioners" and others, without authority of law. Well what does Mr. Adams say? He says on pages 75,81,87,89,101,102, 109, 125, 127, and 132 that he paid THIRTEEN different men under the detective act—"we see under an act prescribing the power and duty of the Governor in regard to fugitives from justice." These then are the Governor's *thirteen* special friends—his *secret spies*.

Now let us ask Mr. Adams who these thirteen are, and the sum paid to each. He answered thusly: "Well the truth is, I don't like to tell, for it is a rather *nasty* crowd at best, and it will be putting the Governor into bad company, and you know I would not willingly do this, for he stood by me and kept me out of jail, when that old *debauched* Pearson kicked me out of the Supreme Court room. Besides, the Governor knows that I put their names in my report in a *scattering* way, to keep the public eye off of them. This is the way I made up my report in every respect. It was never intended to impart, but to suppress information. But you are right—the names of the *thirteen detectives* are on the pages you have indicated, and their names and pay as follows: Now let us go slowly, count W. J. Clarke $50; W. Campbell $68 75; G. R. Kimball $81.75; W. H. Huskey $99.25; A. Bryant $129.50; E. K. Proctor, (Representative) $150; C. R. Garland $194 41; B. Bulla $200; J. W. Stephens, (Chicken Senator) $413.20; A. W. Fisher, (carpet-bag Ad't. General of N. C.) $477; R. T. Bozier, (carpet bag) $775; L. H. Mowers (carpet bag) $949.75; L. D. Wilkie (Representative) $1,042 20—total $4,619 81. Cuss that fellow Love, if it had not been for that resolution of his, I never would have had to tell this. But, there are $1998 90, which *my* Governor has paid since I made my report, and as this is not printed I am not bound to tell who got it, and *don't*."

Thus Mr. Editor, we find nearly $21 per day, paid to these spies, out of the Treasury, up to September 30th 1869, and for the whole time since the ratification of the act, over $15 per day. And if it be true, as the Governor says, that the "necessity has, to a great extent ceased," for the employment of detectives, I ask, why is it, that the cost of maintaining them, has not to a great extent ceased?"

Yours Respectfully,

SCRIBO.

SAD ACCIDENT.—On Saturday evening last, as the evening train was running down to the car-shed in this town, Mr. Berry Williams, for a number of years an engineer on the Wilmington and Weldon Railroad, met with the accident of breaking his arm. It seems from information we were able to gather, that Mr. Williams was running toward the train, no doubt, endeavoring to jump on when, just before reaching it, he fell breaking his arm. He was at once carried to the office of Dr. J. F. Miller who attended to the sufferer.—*Goldsboro' Messenger.*

A school house near Harris' X Roads, four miles from Henderson burned down on the night of the 23rd.

Mr. Smith of Alleghany, moved to amend the amendment by striking out after the word "applied," and insert the words "shall be applied to reduce the tax for 1870."

Upon Mr. Smith's amendment to the amendment, a vote being taken, it was rejected by a vote of yeas 26. Nays 41.

The question recurring upon Mr. French's amendment, it was rejected by the following ballot:

SUPREME COURT.

[Reported for the SENTINEL by the Deputy Clerk of the Supreme Court.]

Court assembled at the usual hour.

The reading of the transcript in the case of Carter vs. Hoke was concluded, and the argument opened by Mr. Graham, counsel for the plaintiff. He was followed by Mr. Merrimon, for the defendants.

The case of the State vs. Lyttle, from Buncombe, was next called, and argued by Merrimon, for the defendant. The Attorney General will conclude the argument in behalf of the State to morrow.

To-morrow cases from the 6th District will be called.

For the Sentinel.

MR. EDITOR:—From a notice in yesterday's paper relative to the Monument to the Confederate Dead, I am afraid that it will be understood that we have funds sufficient to complete the Monument, which is far from being true. We have only a little over one-fourth of the requisite sum, and are under the necessity of having it erected by sections, hoping, that as each section is finished, we shall be able, through the liberality and patriotism of our people, to have the next one carried on without delay. For this purpose we published, some months since, an appeal to the people of this State, asking their assistance, but as yet the response has been very feeble. Rev. Father McNamara sent to us $20 and Gen. Clingman gave us a handsome donation (I do not know the exact amount) which is all we have received, but we do not despair. We know there are people enough in the State, who yet have tender recollections of the brave men who endured so much for a cause once so dear to us, to quickly raise the requisite sum, if some systematic effort were made in the different counties, and towns in the State.

Let the Ladies use their efforts in obtaining subscriptions, and give every one who honors our fallen countrymen an opportunity to subscribe—however small the sums. Even little children could subscribe five or ten cents, and I am sure the children's contributions, if properly attended to, would make no mean show on the Secretary's Records.

Ladies of North Carolina! will you not aid us in erecting a Monument to the Confederate Dead?

It is now burned by thousands of families, and in no instance has any accident occurred from its use, a lamp filled with it, if upset and broken, will not explode. To prevent adulteration, the "Astral" Oil is packed only in the Guaranty Parent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. PHOSPHATIC FISH GUANO,

PRICE $60 PER TON OF 2,000 lbs., AT NORFOLK VA.

Manufactured at Norfolk, Virginia.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of *bone phosphate* and *soda*, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year speak Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

THE SENTINEL.

CITY AND STATE ITEMS.

WEDNESDAY, MARCH 2, 1870.

☞ THOS. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

The following new advertisements, to which we would direct attention, appeared in the SENTINEL for the first time yesterday morning:

Hay for sale, by G. J. Dowell.

Potatoes, molasses, rice, apples, B. F. Cheatham & Bro.

Proposals for McAdamizing streets by the committee of the Board.

Cushings & Baily, Booksellers and Stationers, Baltimore.

Notice to all concerned, to make returns for revenue, by the assessors of the 3rd and 4th divisions of the 4th district.

Court advertisement for statement of account.

Ten or fifteen milch cows wanted, apply at office of N. C. Land Co.

Saw Mills and Engines for sale at the Tredegar Company's Works, Richmond, Va.

Hardware, Troxell, Handy & Greer, Baltimore.

The Maltby House, fare reduced, Baltimore.

TO-DAY.—Fine milk cows at auction by Towles.

Pocket Cutlery, Rogers, table cutlery and scissors, Julius Lewis.

Irish potatoes, Baking powders, W. C. Stronach & Co.

Dissolution of copartnership in Smithfield.

Foundry and Machine Shop in Raleigh—just completely prepared for all work in that line, experienced workmen—W. T. Adams & Sons, who want to buy old iron.

THE BARBECUE AT SORRELL'S.—The *Standard* gives a distorted and one sided report of the meeting at Sorrell's on Saturday. It is true the "barbecue was a success" and the "dinner was excellent."—After giving these simple facts the *Standard* flies off at a target and "lays out" certain Democratic speakers through the instrumentality of "Capt. T. F. Lee and J. P. Andrews, Esq.," our Josh!

The facts are about these: There was a tacit understanding that there was to be no political discussion. Capt. DeCarteret was called out and addressed those present on the prostrate condition of the State, and called on all to join in the effort to restore her again to prosperity.

J. P. Andrews followed, and launched out into politics, to the disgust of most of those present, because it was a breach of the agreement.

B. F. Rogers, Esq., followed, dissected him very prettily, and that to the amusement of even many former Republicans. Capt. Lee followed and gathered up the fragments of his friend the best he could, and "laid *them* out," which was about the only "laying out" that was done.

Now, *mark it!* At Sorrell's precinct, where the Radicals, in the Presidential election, got 137 majority, there will be a majority on the other side, at the next election, or *come mighty nigh it*.

The sale of Cottage Hotel furniture advertised to foreclose mortgage to W. H. Cunninggim, will take place to-day at 10 o'clock, in front of J. M. Towles' store instead of at Court House, as advertised.

LAST DAY IN RALEIGH.—The Panorama called out crowded houses yesterday at both exhibitions. Tucker Hall is made dark in the afternoon the same as at night. The Panorama has been gotten up with a good deal of care and life-likeness. The scenes in Broadway are well brought out, hundreds of small things which usually escape the attention of unsophisticated persons, being shown up well. We saw but a portion of it. The harbor and ship scenery is very natural. As the scenes are cranked rapidly before the audience, Mr. Norton, with consummate volubility, explains everything to a dot. The pictures are not only a pleasing entertainment for some two hours but the scenes shown and incidents related are a good moral lesson that will exert a great influence on the mind of any young person.

Go and take your family, sisters, cousins or some one's else cousin with you to help you enjoy your excursion to New York City.

CITY COMMISSIONERS.—The *Standard* of Monday gives the proceedings of the Board of Commissioners, which met last Thursday night, in which are somethings worthy of some slight notice.

A very commendable move was made in favor of a city hospital—there is more humanity in it than luputting clay on the streets.

The next movement was significant, namely, to allow the McAdamizing committee two weeks longer to advertise for contracts, but a motion to put it to the lowest bidder *was voted down*. The restriction of bidders to the city has been abandoned, it seems, and now, they refuse to give it to the lowest bidder! Only Thiem and Watson voted for the motion to give the contract to the lowest bidder.

Having thus disposed of the preliminaries of the McAdamizing affair, they passed a resolution the substance of which is "Who's afraid?"

From the report of the Committee on the tax collector's report, it seems all the tax has'nt been paid yet.

Mr. Parris wanted a lamp post at the Livery Stables of Messrs. Wynne, which was not agreed to.

The police force was forced into uniform and some few other indifferent matters attended to and the body adjourned.

We shall be obliged to notice that movement about the contract to McAdamize the street; the original purpose, it is clear, has not been abandoned.

The Wilmington *Journal* says that, on Saturday, east and west of that city the woods were on fire.

THE PRINTING.—A few days ago a communication over the signature of "Working Man," appeared in the *Standard*, the first paragraph of which intimated that the dismission of Littlefield as Public Printer was not so much a blow at Littlefield as at the journeymen printers of the city. To that part of the communication we replied in a paragraph, stating that we could not see how the dismissal of Littlefield was a blow at the journeymen printers, unless it could be shown that no one else but Littlefield employed that class of printers to do the public work.

We have received a communication purporting to be in answer to our remark on the subject, assuming that we favored the action of the Legislature in putting the printing out to the lowest bidder, and that this was a blow at the journeymen printers of the city. As we took no such ground, we do not conceive it necessary to publish the communication, especially as it is likely to lead to controversy alike unprofitable to all concerned.

It is just to ourself, however, to say that we do not believe the putting the State printing to the lowest bidder is the best way to have it done—except, as a general thing, to have it badly done. We do not mean by this that Messrs. Nichols & Gorman, who are doing a part of the work, will not do it well, but we mean that if this becomes the practice in the State, its work, as a general thing will not be well done. Especially will this be the case when there are a number of competitors, and the rates are consequently, brought down so low that the contractors cannot employ good workmen to do the work.

We believe the Legislature ought to fix a liberal price for the State work, just as it establishes the salary of a public officer, and then elect the printer to do it.

For the Sentinel.

As the train on one of the Northern Roads was passing the 307 mile post, on a down grade, at Radical speed, a baggage master, who is badly in need of reconstruction, by some "cisloff" act in the baggage car, expelled a carpet bag, which struck the head of an *unreconstructed gentleman* of African de-*scent* with such force, that said carpet bag (not the head) having been in "*loil*" service for about five years, was compelled to submit its contents to an investigating Committee of truly "loil" men; who proceeded to report: "that said carpet bag contained a miniature wardrobe, of a member of some Southern legislator," and in addition to several other unmentionable things, was a copy of "The Pilgrims Progress," nicely folded up in a copy of the Weekly *Standard*; within the lids of which written in a legible hand was a poetical curiosity, the production, no doubt of some d—d—. Thinking it would be amusing, if not instructive to the many readers of the SENTINEL, I send you a copy for publication.

WANDERER.

We thank the Lo'd that we were born,
Upon New England yankee soil;
Where wooden nutmegs doth abound,
And codfish never, never spoil

We thank Him, too, that we can say,
We did from loil stocks de end;
Not made of Southern dust or clay,
Like all the "rebel" class of fiend.

With pious hearts, we thank the Lord,
That He has spared our useful lives;
And that our mission to the South,
Has made our pockets moneywise.

We thank t e Lord that we were not
Like Southern men, conceived in sin,
But that 't has been our pious lot,
To loose the bondsman's iron chain.

We claim to be a noble race,
The strictly loyal upperten;
The Legislature is our place,
And Bidy is our bosom friend.

We, too, like Billy, have decreed,
We'll love the rich, oppress the poor;
We always acted on this creed,
And he's a loyal Governor.

We know that we can make it pay,
For we can run the old machine,
While we get seven dollars per day,
And gold is only one, sixteen.

The negro is our motive power,
He a strong, and we have a down grade,
We make the time, at one (1) an hour,
While e'er the Treasury will bleed.

We do not care what bonds are worth,
Nor what Jo. Turner has to say;
'Twas greenbacks brought us from the North,
In greenbacks we will have our pay.

The Season and its Dangers.

The human body is chiefly composed of tissues and fibres as sensitive to every change in the condition of the atmosphere as the most delicate electrometer, or the quicksilver in a barometer tube.

The stomach, the skin, the nerves, the lungs, and the excretory organs are especia ly liable to be affected by these variations, and the best defence against their disastrous tendency is to keep the digestive machinery, which feeds and nourishes the whole system, in good working order.

If the stomach is weak or disordered neither the blood nor the bile can be in a healthy state, and upon the fitness of these two important fluids for the offices assigned to them by nature, and the regularity of their flow, health in a great measure depends.

When the air is heavily laden with chilling vapors, as it often is at this season of the year, the digestion should be an object of peculiar care. If it is weak and languid, the whole physical structure will be enervated. If it is vigorous, the entire organization will be strong to resist the miasmand and depressing influence of a damp and vitiated atm sphere.

A pure and powerful tonic is therefore especially needed as a safeguard against the diseases most common in the spring, and Hostetter's Stomach Bitters being the most wholesome and potent medicine of the class at present known, a course of it is particularly advisable at this period of the year. The stomach will thereby be toned and strengthened, the liver and bowels regulated, the nervous system braced up, and nature put in a state of active defence against the miasma which sup rinduces intermittent and remittent fevers, rheumatism, nervous debility, headache, hypochondria and other complaints which are apt to assail the untoned and unfortified organization. The body is strengthened without exciting the brain, and consequently no unpleasant reaction follows its reviving and renovating operation.

An Indelible Blemish.—Nothing will restore the skin of the head to its original fairness, after it has been turned of a copper color with hair dyes. Yet none of them will produce the rich natural hair shades brought out by the use of PHALON'S VITALIA, OR SALVATION FOR THE HAIR, a preparation clear and transparent, and which does not stain the skin. Sold by all druggists and fancy goods dealers.

feb 18-eod1w

Physicians Use Them in Their Practice.

It is almost universally the case that Physicians condemn what are generally known as "Patent Medicines." Although DR. TUTT'S LIVER PILL IS NOT A PATENT MEDICINE yet its compe-ition (the result of years of study) is known only to himself, and so palpable are their valuable curative properties, that very many of the first Physicians in the South and West have adopted them in their practice, and recommend them to their patients.

feb 28 eod1w

PEOPLE'S BUILDING AND LOAN ASSOCIATION.—The charter for this new Association having finally passed both branches of the Legislature, a meeting of the members will be held at the Court House, on to morrow (Wednesday) evening, at 7½ o'clock, for the purpose of perfecting organization and commencing business. All persons, who have heretofore handed in their names, will please come prepared to indicate the number of shares of stock for which they wish to subscribe.

A Cough, Cold, or Sore Throat, requires immediate attention, as neglect oftentimes results in some incurable Lung Disease.—"*Brown's Bronchial Troches*" are a simple remedy, and will almost invariably give immediate relief.

feb 28-eod1w

JUST OUT.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Horseness. None so pleasant, none care so quick.

TO CONTRACTORS.

OFFICE PEN. COMMISSION,

RALEIGH, N. C., Feb. 21, 1870.

SEALED Proposals will be received by the Commissioners of the North Carolina Penitentiary at their office in Raleigh, N. C., until noon of Wednesday the 20th of April, 1870, for the erection of the Penitentiary on the site chosen for that purpose near the city of Raleigh. Bids to be endorsed "Proposals for Building the Penitentiary," and addressed to the care of G. Wm. Welker, Sec. to the Commission. The plan, drawings and specifications may be seen and inspected, and additional information if desired obtained at the office of the Assistant Architect at Raleigh, N. C., or of L. T. Scofield, Esq., Architect, Cleveland, Ohio. Bids to be made in the forms prescribed by the Architect, printed copies of which and of specifications may be procured on application to the Architect or Assistant Architect. Bids are invited for the following separate divisions of the work, viz:

1. Stone Masonry and Cut Stone.
2. Brick Work.
3. Plastering.
4. Wrought and Cast Iron Work.
5. Carpenter and Joiner's Work.
6. Painting and Glazing.
7. Galvanized Iron Work and Slating
8. Plumbing and Gas Fitting.

The Quarry is quite near the site of the building. The stones are good and the Commission will have the lease of the entire quarry for all purposes of the Penitentiary. The Commission will receive bids for the Brick work both to lay the brick, they furnishing the brick, or for the entire job of brick work, the contractor taking four millions of brick already provided by the Commission, at the price paid for them.

Each bidder shall specify what number of convicts he will engage to employ on his contract, and what wages he will pay for them provided the Commissioners furnish guard and overseer, and board and clothe the convicts.

Each bid to be accompanied with a written guarantee signed by two responsible sureties, and duly stamped. The Commissioners reserve the right to reject any or all bids, to accept or decline to close a contract, as in their discretion they may deem it their duty to do.

All the work to be forwarded as rapidly as practicable, and completed at the earliest possible period. The Commissioners reserve the privilege of taking possession of the several parts of the building from time to time, as soon as in their judgment it can be occupied.

Each bidder will furnish his post office address and hold himself in readiness, with his sureties, to enter promptly into contract on the acceptance of his bid. Copies of the specifications can be had of the Assistant Architect by mailing $5, which sum will be returned when the specifications are returned. Proportional payments on monthly estimates will be made as the work progresses, retaining ten per cent. until the contract is completed.

Its Policies are liberal; its premiums moderate and made certain; its losses are paid promptly, and its investments are made on the most solid basis, being principally in improved real estate worth twice the amount invested, payable on per cent per annum.

All its Policies are non-forfeitable and all participate in Benefits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is entirely Mutual, and the profits of its business are paid to the policy holders and to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.

IS A HOME COMPANY.

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance, presenting advantages not offered by any other Company, note the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.

3d. Policies Non-forfeiting after the first payment.

4th. Policies Indisputable from any cause save fraud.

5th. No restrictions of Residence, Travel or occupation.

6th. It is a Mutual Insurance Company, ninety four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher rates of Interest in the South than North or East, the probability is almost certain that the dividends will exceed those of Northern Companies, this reducing the premiums to their lowest actual cost.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the Business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coast wise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

VALENTINES—SOMETHING NEW.

Owing to the fact that some who have received Valentines wish to reciprocate, and others who have not, wish to send some, that they in turn may receive, Cupid will allow them to be sent during the entire month of February this year. And in order to assist in this accommodating arrangement, I have just opened a new lot of sentimental ones, which will be sold at half price.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	16,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 580 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 12,237 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested, net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
